

## Index

Adhering to standards, importance of in scoring .....	74	Resilience Scale .....	24
Administering the RS & RS-14		Benefits .....	29
Guidelines .....	97	Applicable to all age groups .....	29
How long it takes to administer .....	98	Easy to score .....	29
Interviewer administration .....	99	Easy to use .....	29
Minimizing bias .....	99	Quick to complete .....	29
Self-administration tips .....	98	Coefficient Alpha .....	40
Time to administer .....	29	Acceptance of self & life .....	41
Adults		Personal competence .....	41
In frontier communities .....	95	Concurrent validity .....	31, 32
Middle-aged and older .....	83, 86	Construct validity .....	24
Older .....	90	Correlations	
In public housing .....	93	Acceptance of self and life .....	36
Rural .....	95, 96	Anxiety .....	89
Allotstasis .....	11	Caregiver burden .....	92
Appendix .....	119	Depression .....	36, 37, 47, 84, 89
Bipolar disorder and RS scores .....	46	Exercise .....	36, 45
Citation for this User Guide .....	5	Family health .....	88, 89
Data checking .....	76	Forgiveness .....	91
Missing data .....	76	Health .....	37
Out of range errors .....	76	Health Responsibility .....	36
Data entry .....	75	Health status, self-reported .....	36, 84, 91, 92, 94
No transformation of scores .....	75	Health-promoting lifestyle .....	36, 91
Suggested rules .....	75	Hopelessness .....	88
Tools .....	75	HPLP .....	45, 87
Demographic Information Form .....	124	Interpersonal support .....	36, 45
Depression and RS scores .....	46	Life satisfaction .....	36, 37, 47, 84, 94
Equilibrium .....	11	Loneliness .....	88
Five Characteristics of Resilience .....	17, 25, 26	Mental health .....	91
Equanimity .....	26	Morale .....	36, 37, 47, 84, 91, 92, 94
<b>Existential aloneness</b> .....	26	Mothers' health-promoting lifestyle .....	88
<b>Meaning</b> .....	26	Number of stressful events .....	91
Perseverance .....	26	Nutrition .....	36, 45
Self-reliance .....	26	Personal Competence .....	36
Heart disease and RS scores .....	46	Purpose in life .....	91
HPLP		Self-actualization .....	36
Correlation with RS & RS-14 .....	45, 87	Self-transcendence .....	91
Interpretation .....	79	Sense of coherence .....	91
References .....	101	Stress inventory .....	91
Books on Resilience .....	118	Stress management .....	36, 45
Related Literature		with RS-14 .....	51
Adults and Resilience .....	105	Direction of scaling .....	77
Psychobiology and Resilience .....	111	Early development .....	23, 25
Youth and Resilience .....	112	Factor analysis .....	32
Studies using the Resilience Scale .....	102	Factors with item loadings .....	33
Translations of the Resilience Scale .....	104	How the items relate to the Five Characteristics .....	27
Reliability .....	39	Internal consistency .....	29, 32, 40
Resilience		Mean scores of items .....	34
Characteristics of less resilient people .....	10	Overview .....	9
Characteristics of resilient people .....	10	Positively worded items .....	44
Integrated model .....	11	Psychometric evaluation .....	31, 32
Other Definitions .....	11	Reading level .....	29
Response to adversity .....	10	Reliability .....	29
State vs. Trait .....	13	Score range .....	74, 77, 80
Strengthening .....	14	The instrument .....	120
		The scoring form .....	121

*The Resilience Scale User's Guide*

Validity.....	29	Young & middle-aged .....	89
Concurrent validity.....	47	RS-14	
Content validity.....	44	Additional analysis.....	52
Convergent validity.....	45	Coefficient Alpha.....	40
Known groups validity.....	46	Common underlying dimension.....	51
RS scores		Correlations	
Adolescents .....	88	HPLP .....	87
Adults		with RS .....	51
In frontier communities.....	96	Development.....	49, 50
Older .....	90	Initial testing .....	50
In public housing.....	93	Internal consistency reliability .....	51, 52
Rural.....	95, 96	Items according to characteristic.....	51
Bipolar disorder and .....	46	Item-to-item correlations.....	50
Cutoff scores		One strong factor solution.....	51, 52
High Resilience .....	35	Score range .....	80
Low Resilience.....	35	The instrument .....	122
Depression and .....	46	The Scoring Form .....	123
Health rating and .....	96	Validity	
Importance of adhering to standards.....	74	Convergent validity .....	45
Mean scores for each RS item .....	85	Scoring the Resilience Scale and the RS-14 .....	74
Range of scores .....	74	Scoring the RS and the RS-14 .....	73
Sample description .....	84	State vs. Trait .....	13
Sociodemographic characteristics and.....	86	Validity .....	43
